## **Invacare<sup>®</sup> Flo-tech<sup>®</sup> Lite**

### **Slimline contoured cushion offering comfort and improved posture**

The *Invacare<sup>®</sup> Flo-tech<sup>®</sup> Lite* is a slimline contoured cushion that offers improved stability and postural support. This high quality, moulded foam cushion is designed to significantly improve client comfort whilst sitting.

**3 year warranty**

➤ **Slimline foam base made from high quality, resilient moulded foam**

The high quality, resilient foam is manufactured using a unique formula, which offers high levels of pressure reduction and improves product longevity. Moulding allows the **Flo-tech® Lite** cushion to provide a 3D form, which cannot be emulated in cut foam. The pommel at the front of the cushion separates the thighs, encouraging good posture and allowing air to circulate.

➤ **Contoured seating surface**

Offers improved stability and postural support. In addition delivers a greater degree of weight distribution compared to that of a flat surface. The castellations of the cushion allow slight movement which in turn reduces shear and friction forces.
