About KARMA :

Karma was founded in 1987 and established Karma Mobility Limited as their exclusive UK distributor in 1999. We are the leading manufacturer of aluminum wheelchairs in Taiwan and have recently moved into a larger factory to allow us to expand our production of power wheelchairs and scooters. We produce about 6,000 units of wheelchairs and scooters per month and export to over 30 countries.

Karma production line

Karma products are designed by dedicated engineers and therapists who ensure that all our products conform to international standards for medical devices (we are registered to CE in Europe, FDA in USA, AS in Australia etc) Karma has 30 design patents.
